EX PARTE QUAYLE

1. This application is in condition for allowance except for the presence of claim 15 directed to an invention non-elected with traverse. See Office Action dated 12/12/2005. Applicant is given **ONE MONTH** or **THIRTY DAYS** from the date of this letter, whichever is longer, to cancel the noted claims or take other appropriate action (37 CFR 1.144). Failure to take action during this period will be treated as authorization to cancel the noted claims by Examiner's Amendment and pass the case to issue. Extensions of time under 37 CFR 1.136(a) will not be permitted since this application will be passed to issue.

The prosecution of this case is closed except for consideration of the above matter.

Allowable Subject Matter

2. Claims 1, 2, 6-12, 14, 43 and 44 are allowed. Hunter and Gable disclose a method as discussed in paragraph 2 of the Office Action dated 05/21/2009. However, The references do not disclose a method wherein the rolling reorients "the first layer with respect to the second layer such that the first layer contacts the second layer" as currently required by claims 1 and 43. No other disclose in the prior art suggests such a modification to the method of Hunter.

Art Unit: 1791

3. Claims 31-42 are allowed as discussed in paragraph 3 of the Office action dated 05/21/2010.
